

MerLar, LLC – Policy Notice about text messaging. - 01/06/2012

MerLar, LLC does not utilize text messaging/ Short Message Service (SMS messaging) in business operations. Therefore, we request that everyone emails and/or calls us. The reason for this total ban policy arises out of the fees to use such services. There are other contributing factors such as reliability, security, compliance, etcetera which also contributes to our stance on TEXT messaging.

Eventually, MerLar, LLC intends to outright block text messaging to our phones due to large amounts of advertisements sent to our mobile phone numbers.
